POST BOX ....., (STATION) Bellary.

Telegraphic Address.....

The Secretary to the Board of Revenue,

R O C No 203/37, *dated* 28th April 1937.

Sir,

ENCLOSURES (2).

Buildings - Government - Bellary District - Collector's office - installation of electric lights and fans - proposals - submitted.

SPARE COPIES.....

I submit the following proposal for the installation of electric fans and lights in the Collector's office building a portion of which is occupied by the Revenue Divisional Officer's office. The proposal is based on economy and convenience.

The annual expenditure to Revenue Divisional Officer, Bellary and the Collector's establishment in respect of the hot and cold weather charges roughly comes to about Rs. 904/- excluding the cost of Kus-Kus thatties. Whereas the recurring cost of electric energy works to Rs. 350 as per estimate prepared by the Executive Engineer Bellary. The capital expenses are estimated at Rs. 3300/. In these circumstances it seems cheaper and effective to have electric installations to the group of buildings constituting the Collector's office.

The clerks in the Collector's office, no doubt, do not habitually work after dark but clerks in the Revenue Divisional Officer's office sometimes work even after dark - during Jamabandi days and on the days when the

Sub

Sub Divisional Magistrate holds his court till late in the evenin

I enclose the approximate estimate prepared by the Executive Engineer for reference and return and I request that Government may kindly be addressed to accord administrative sanction for the scheme so that I may obtain the necessary estimates and plans and submit them for their approval.

*****

E.5394/37 - From the Collr. of Bellary, R.O.C.B-1-No.203/37, dated 6-11-37 Q.

DESPATCHED
6 DEC 1937

REFERENCE No. E 5394/37-1, dt 2-12-37

The estimates submitted by the Collector call ex for the following remarks:--

(i) Three fans are proposed in the room occupied by 'the English Section' and three fans in the room occupied by the Accounts Section'. The necessity for three fans in each of these rooms is not clear and the number may be possible of reduction by one in each case by rearranging the clerks' seats.

(ii) In 'the Treasury', two fans are provided. Presumably, the room is occupied by only the Huzur Treasurer and the shroff. The Board considers that one fan may be sufficient.

(iii) Two fans are provided in a room measuring 24' by 30' occupied by 'the Loan Section'. The Board considers that it may be possible to reduce this to one.

The Collr. is requested to consider whether the number of fans

cannot be reduced by rearranging the clerks' seats and to submit a revised estimate if necessary. He is also requested to report the number of clerks working in each block as specified in the plan and to state with reference to the last sentence of para 1 of G.O.No.2127 W., dated 28-9-35 whether the clerks in all the offices work habitually after dark.

2. The figure (Rs.1,071) noted in column 12 of the comparative statement is a mistake for Rs.1,025/-. The figure in column 14 will also be correspondingly altered. The Collr. is requested to send a revised statement. He is also requested to furnish information regarding the number of lights and fans proposed for each office separately

3. The Collr. is informed that his letter P.No.159/37 B-1, dated 9-7-37 said to have been submitted to the Board, has not been received. He is requested to send a copy of it.

To the Collr. of Bellary

~~Order Ms. Resolution Rout.~~ No. _____, dated Refer No E 3 117/37-2 dt 20-4- 1938

The revised plans and estimates submitted by the Collr. call for the following remarks:—

(i). A wall plug is also fixed for a table fan in the strong room in the Treasury. The necessity for the table fan is not clear as there will not be work in the room throughout the day. The Collr. is requested to report the necessity for the table fan in the strong room.

(ii) It is observed that the number of fans in the Accounts Section, has been raised from 3 in the original estimate to 6 in the revised estimate.

19 clerks are said to be working in the hall which measures only 46' by 30'. and 6 fans for the room of these dimensions seem too much. The Collr is requested to consider and report whether 3 fans fixed along the centre of the hall will not serve the purpose.

(iii) In the old Dd. Bd. hall, 3 fans and 4 lights are proposed. This hall is to be occupied by the R.D.O's office vide Govt. Memo. W.S.W. dt. 20-1-36. Separate provision has also been made for fans and lights in the room at present occupied by the R.D.O's office. If the R.D.O's Office is shifted to the old Dd. Bd. hall, there will be no necessity for proposed fans and lights in the room now occupied by the R.D.O's office. The Collr is requested to report on these points

Ref.B1 *No.* 203/37, *dated* 3rd May 1938.

Sir,

Enclosures_____

Buildings - Government - Collector's office including Revenue Divisional Officer's office and Treasury Deputy Collector's office - electric installation revised plans and estimates.

Spare Copies 10 P/15-6 C.F. Ref: Board's Ref. E. No. 5394/37-2 dated 20-4-1938.

The strong room of the treasury is in the downstairs of the Treasury Deputy Collector's office and it is too hot in the hot weather. It is uncomfortable for the Treasury Deputy Collector to work in the room during the hours he works in it in the morning and evening. A table fan is therefore a necessity. It is because there is work in the room only for a part of the day, a table fan and not a ceiling fan has been proposed.

I have considered the question regarding the number of fans to be provided in the Accounts Section. Three fans fixed in the centre of the room would be useless as the clerks have to sit in two rows at the sides, but it would be just sufficient if four fans are provided two on either side of the room. I have asked the Electrical Engineer, Madras to revise the plans and estimates accordingly and I shall submit them to Board as soon as they are received from him.

Regarding paragraph (iii) of Board's reference quoted above, I submit, that the Inspecting Tahsildar's office will be located in the room at present occupied by

the Revenue Divisional Officer's office, when the latter is shifted to the central ground floor vacated by the District Board office. Separate provision for fans and lights has therefore been made in the room at present occupied by the Revenue Divisional Officer's office. I invite Board's attention in this connection to the proposals made in paragraph 4 of Collector's letter D.Dis.No.257/33 dated 22-8-1936 to Board.

~~Order Ms. Resolution Rout.~~ ~~No.~~ ____, ~~dated~~ Refer No E 5394/37-4 3176- 1938.

In November 1937 the Collr. of Bellary submitted plans and estimates for the electrification of the Collr's office, R.D.O's office and J.D.C's office, Bellary. He reported that the clerks in all the offices ~~have to~~ work after dark and that there is not sufficient light in the room for working even in the day light on cloudy days. The Board observed that the provision of fans in certain seats could be reduced by the ~~rearranging~~ rearrangement of the seats of the clerks and with

Issue
SB
17/6
J.J.C.F.

F: 3 4 & 5 15/6 CF

reference the number of clerks working in each block and the Collr. was asked to submit revised plans and estimates. He has accordingly submitted revised plans and estimates for Rs. 5,050/- in consultation with the Electrical Engr., Madras, making provision for 30 fans and 40 lights.

The plans and estimates together with a statement showing the number of lights and fans required for each block with the number of clerks working in each, are enclosed.

The Board considers that the provision now made in the estimate for fans and lights is absolutely necessary. It requests that the Govt. may be pleased to accord administrative approval to the work.

2. The Collr. reports that the old St. Board hall shown in the sketch will be occupied by the R. Dy. C., Bellary, as approved by the Govt. in their Order Ms. No. 449 Rs. W., dt. 20-1-36. M. 129-131 CF. (IV)

and that the Inspecting Jahis office will be located in the room ~~at present~~ occupied by the R.D.C's Office at present.

3. Funds have not been provided for the work in the list of minor works for 1938-39. If the proposal is approved by the Govt., funds will be provided in 1938-40.

MADRAS

GOVT. OF MADRAS

REVENUE DEPARTMENT.

SECRETARY. 22

MEMORANDUM No.1181 C/38-1, dated 18th August 1938.

Buildings - Government - (Bellary) - Collector's Office, Treasury Deputy Collector's Office and Revenue Divisional Officer's Office - Electrification - Proposals.

pp. 21-95 cf. Board's Refce.E.5394/37-4. dated 17th June 1938.

The proposals for the electrification of the offices of the Collector, the Treasury Deputy Collector and the Revenue Divisional Officer, Bellary submitted by the Board of Revenue with its Reference quoted above call for the following remarks:-

(1) Collector's Office - First Floor

plan & p. 11 cf (V) Collector's Court hall. From the plan it is seen that two lights have been proposed for the Bar. It has been suggested that one light is sufficient for the purpose.

plan applies (V) English Section. Three fans have been proposed for this room. Considering that in the Land Records office room (measuring 24 ft. by 18 ft.) occupied by 5 clerks only one fan is to be installed and as the faircopying section room (which is 52' x 10' in dimensions) is to be provided only with two fans it has been suggested that two fans are sufficient for the English section.

plan & p. 11 cf (V) English Head clerk's office room. This room is occupied only by one person viz. the English head clerk and ordinarily no fan should be allowed. It has been suggested that if the English Head Clerk takes his seat along with the clerks in the English Section as in the case of the Kurnool Collector's Office, the ceil-

ing

fan and the light provided for that room will not be necessary. If, however, this arrangement is not possible a table fan would seem to be adequate.

Huzur Sheristadar's office. A ceiling fan has been proposed for the Huzur Sheristadar's office room. It has been suggested that this should be substituted by a table fan.

2. Ground floor - Revenue Divisional Officer's chamber. It has been suggested that the ceiling fan proposed for this room should be replaced by a table fan.

Revenue Divisional Officer's Office.

There are only 5 clerks in this office and the strength of the clerical establishment will be less probably when the Inspecting Tahsildar's ~~Income-Tax~~ office comes to occupy it. It has therefore been suggested that one fan and two lights are sufficient for this office.

Treasury. Two ceiling fans have been proposed for the Treasury. It has been suggested that a provision of one fan is enough for the Treasury.

2. The Board of Revenue is requested to offer its remarks on the suggestions in paragraph 1 above and to submit revised plans and estimates for the approval of the Government. The Board is also requested to state when exactly the old District Board hall will be occupied by the Revenue Divisional Office.

BOARD OF REVENUE
16 SEP 1938
MADRAS

The Secretary to the Board of Revenue,
Madras

No 203/37 B-1, *dated* 14th Septr. 19 38

ENCLOSURES—

SPARE COPIES—

Buildings - Government - Bellary - Collector's office, Treasury Deputy Collector's office and Revenue Divisional Officer's office - electrification - proposals report submitted.

Board's Ref. E. No. 5394/37-6 dated 3-9-1938.

The following remarks and suggestions regarding the electrification of the offices of the Collector, Treasury Deputy Collector and Revenue Divisional Officer Bellary are made:-

Collector's office - first floor.

Collector's Court-hall. One light for the Bar instead of two already proposed, is sufficient.

English Section. Two fans have been proposed for the Fair-Copying Section room, even though it is longer than the English Section room, because it has got a low slanting roof and air can be freely distributed to the clerks working in it. Its width is also less than that of the English Section room. The Land Records office room is not a large one and as it is intended to accommodate only five clerks, provision of one fan will suffice. As the English Section room is intended to accommodate nine clerks, provision of three fans is quite necessary for this room.

English Head Clerk's office room.

There is no accommodation for the English Head

Clerk

Clerk to sit in the English Section room. A table fan, instead of a ceiling fan; ~~instead of a ceiling fan~~, will suffice.

Huzur Sheristadar's office. A table fan may be provided, instead of a ceiling fan.

ound floor - Revenue Divisional Officer's chambers

.. table fan may be provided, instead of a ceiling fan.

Revenue Divisional Officer's office.

This hall is now occupied by the Inspecting Tahsildar, and his office. In all, there are five persons working in it now and so, the provision of two fans and two lights ~~are~~ as already proposed. is necessary.

Treasury. In this room, there are five clerks working, including the Cash-keeper. The provision of two fans is necessary.

Para 2 of Government Memo. The old District Board hall has been occupied by the Revenue Divisional Officer's office.

I am addressing the Electrical Engineer, Madras for sending revised plans and estimates, in the light of the above suggestions. I shall submit them, soon after their receipt from him.

For Collector.

Sir,

Buildings - Government - Bellary Collector's Office, Treasury Deputy Collector's Office - and Revenue Divisional Officer's Office - electrification - proposals - plans and estimates - submitted.

ENCLOSURES_____

SPARE COPIES_____

Ref.- Board's Ref.E.No. 5394/37-6, dated 3-9-38.
This office R.O.C. 203/37 dated 14-9-1938.

I submit herewith revised plans and estimates for the above work, duly counter-signed.

2. The Electrical Engineer, Madras has replaced the table fans proposed in my Rc.203/37 dated 14-9-38, by small size ceiling fans for the reasons given by him in his letter No. 10543 dated 10-10-38 (copy enclosed)

17/10/38

For Collector.

Copy of letter No.10543 dated 10-10-38 from the Electrical Engineer (Genl), Madras to the Collector of Bellary.

--

Portable fittings such as table fans etc. are not recommended for ordinary use in offices as they are liable to be knocked about and get out of order easily, besides being the cause of accidents. The table fan proposed by you in the English Head Clerk room, Huzur Sarishtadar and Chamber is therefore replaced by small size ceiling fans. The estimate and plans are revised accordingly and returned herewith.

Read.-
From the Board of Revenue, E.No.5394/37-4, dated 17.6.38.
To -do- Memo.1181-C.38-1, Rev., dated 18.8.38.
From -do- E.5394/37-8, dated 22.12.38.

ORDER -

The Board of Revenue has submitted proposals for providing 27 fans, 3 small size fans, one table fan and 37 lights to the offices of the Collector, Treasury Deputy Collector and the Revenue Divisional Officer at Bellary at an estimated cost of Rs.5200/- It is however considered that 21 fans, 2 small size fans, 4 table fans and 35 lights as shown in the annexure are sufficient for the offices. Accordingly an expenditure of Rs.4530/- (Rupees four thousand five hundred and thirty only) on the provision of electric installation to the above offices is approved.

The work may be executed when funds become available from the lump sum provision for minor works under "50.a.Civil Works - Original works - Buildings - General Administration".

(By Order of His Excellency the Governor).

Buildings - Govt. - (Bellary) Collector's office including R.D.O's office and T.D.C.'s office - Electric installation - Plan and estimate.

****

E.5394/37 - From the Collr

To I-A.

Please see the Collr's letter at p.1 c.f. The proposal is for the electrification of the Collr's office, the T.D.C's office & the R.D.O's office, Bellary.

2. A statement showing the number of fans and lights proposed for each office as seen from the plan and estimate is prepared and put up at (Z). Thirty fans and twenty-six lights are on the whole proposed, of which three fans are proposed for the Collr's chambers and court hall and three fans for the R.D.O's chambers and courthall. The remaining 24 fans are proposed for the offices. They are examined below:--

Three fans are proposed in the roo occupied by 'the English Section' measuring 48' by 18'. Three fans are provided for the Accounts Section' in a room measuring 46' by 30'. The number of fans in the above two cases may be possibly reduced by one by rearranging the clerks' seats.

In the 'Treasury', two fans are provided. Presumably, only the Huzur Treasurer and the shroff are sitting in the room. One fan may be sufficient.

Two fans are provided in a room measuring 24' by 30' occupied by 'the Loan Section.' ay be possible to reduce this to one.

The above points may be pointed out to th Collr. and he may be requested to see whether the number

de comparative Pln 1/2 '37 (Y) and the plan at (V).

vide the plan at (V)

vide plan at (V)

number of fans cannot be reduced by rearranging the clerks' ~~seats if necessary~~ seats and to submit a revised estimate if necessary. He may also be asked to report the number of clerks working in each block as specified in the plan. He may also be asked to report with reference to the last sentence of para 1 of G.O.No.2127 W., dated 28-9-35, whether the clerks in all the offices work habitually after dark.

The figure i.e. Rs.1,071/- in col.12 of the comparative statement is a mistake for Rs.1,025/-. The figure in col.14 will also be correspondiggly altered. The discrepancy may be pointed out to the Collr. and he may be asked to send a revised statement and also to furnish information ~~showing~~ regarding the number of lights and fans proposed for each office seperately.

3. The work has not been included in the list of minor works for 1938-39 submitted now in a supplemental list by the Collr. separately. The paper referred to in his letter at p.1 c.f. has not been received. He may be asked to send a copy of it.

For orders.

2-3-38

E 1594/38 from the Collr

To IA

The Collr has sent A. revised plans and estimate for Rs. 5,300/- making provision for 32 feet and 40 feet

against 30 fans and 26 lights in the original ~~estimate~~. In the Board's reference at pp.3-4 C.F., the provision of fans in the following cases was specifically brought to the Collr's notice and he was also asked to consider whether the provisions could not be reduced by rearranging the clerks' seats:--

	No. of fans.
(1) English Section	3
(2) Loans Section	2
(3) Treasury	2

The Collr. has not offered any remarks but has submitted a list showing the number of clerks working in each of the above rooms which was also called for in the Board's reference.

English Section - 9 clerks are working in the Section. Perhaps 3 fans may be required - may stand.

Loans Section - 6 clerks are working. The provision of 2 fans may stand.

Treasury - 5 clerks are reported to be working in the room and 2 fans are proposed for them; but a wall plug is also fixed for the table fan in the strong room. The necessity for the table fans is not clear as there will not be work in the room throughout the day. For orders whether the provision of the table fan may be allowed.

In his revised estimate, the Collr. has raised the number of fans in the Accounts Section from 3 to 6. 19 clerks are said to be working in the hall. The room measures only 46' by 30'. It seems that 6 fans for a room of these dimensions seems too much. Two rows of three fans each are proposed. It seems that 4 fans fixed along the centre of the hall will serve the purpose. For orders whether the Collr. may be addressed

on the point.

In the old District Board hall, 3 fans and 4 lights are proposed. This hall is to be occupied by the R.D.O's office. - vide G.O. No.Mis.149-W., dated 20-1-36. Separate provision has also been made, ~~as in the plan, for~~ for fans & lights in the room at present occupied by the R.D.O's office. ~~If the R.D.O's office is shifted to the~~ Old Dt. Board hall, there will be no necessity for providing fans and lights to the room now occupied by the R.D.O's office. This point may be made clear by a reference to the Collr.

For orders.
